

Resysta Partnership

Chances with Resysta

- Explore new markets within the wood industry!
- Our common vision:
- Approx. 50 billion Euro turnover with tropical wood could be substituted with “Resysta”, a far more sustainable solution from the plastic industry.

Resysta – The better wood!

The Resysta Network goals

- Resysta Network Partners become an essential part of the “Resysta Network for growth” and benefit from the collaboration across the value chain (20 partners end January 2019).
- Collaboration across the whole value chain to explore market sectors, create better material and process knowledge and organize joint project work.
- Create and make available technical knowhow.
- Speed up brand awareness and market penetration, shortening time to market.

Project record so far

- Securing technical standards and improving material knowledge.
- Marketing- and communication projects for different target groups.
- Recycling consortium and building material loops, a project supported and co-financed by **vinyl^{plus}**
- Winning the Green Product Award 2018 (category architecture)
